

ABOUT US

Transport to Employment is delivered on behalf of the Scottish Government and Transport Scotland by Tactran. Tactran is the Regional Transport Partnership for Tayside and Central Scotland.

We provide strategic support and regional projects across Angus, Dundee, Perth and Kinross, and Stirling council areas.

The partnership is a statutory authority and works with Local Authorities and other partners to develop and deliver transport services across the region.

T2E is available within the Tactran Region, including Angus, Dundee, Perth & Kinross, and Stirling. Users must be registered and some eligibility requirements apply.

Full details are available on our website:
www.t2e.scot.

Registration is quick and easy by following the link or clicking in the QR code below.

FOR MORE INFO

Transport to Employment

T2E provides transport options for registered users to fill gaps in existing public transport.

www.t2e.scot

USING T2E

1 REGISTRATION

You will need to let us know about your travel needs, where you are travelling from and to; and times you need to get there (and back). www.t2e.scot

2 EXISTING TRAVEL OPTIONS

We will look at the existing transport services available, provide an overview for you, and link you into existing or new services where appropriate. This can include new services in one direction if an appropriate service would get you there or back in the other.

3 TRAVEL COST SUPPORT

Travel cost support may be available in some circumstances, and we will work with you to find out what is available to your individual circumstances.

4 TRAVEL BOOKINGS

We will note your travel needs, shift start and end, childcare, or training times, and meet your transport needs, fill gaps in existing services, or provide new services if necessary. We will give you a personal timetable that will always get you to work before your shift starts, and pick you up after it ends.

5 ON THE ROAD

We know things change, people get ill, shift times change. We will provide a support line for you to work out any issues, problems, or what we can do if something goes wrong.

6 THATS IT!

We will work with you to make your trip as easy as possible, and wish you the very best in the opportunities arising.

KEY POINTS

Certified Providers

T2E uses registered professional transport providers to support your travel needs. Services will be provided by registered organisations, and we will provide a contact point for any further support you need.

Quality Services

T2E services will be planned to meet your timetable. We will make sure you can get to work shortly before your shift starts. We will also make sure you can get home shortly after your shift end.

Affordable Provision

Transport costs should not be a barrier to getting to work. We will let you know in advance what a trip costs, and we may be able to help cover the costs of a fare.
